ABOUT MOWAFAK

MOWAFAK
HOLDING COMPANY
موفق القابضة

Mowafak Holding is one of the oldest companies in the KSA that started working in the Saudi market for more than 65 years, since that we started to invest in a variety of activities that will lead the company to achieve a unique position between other competitive companies that provide the same service and product.

Mowafak Holding has different services such as:

1. Construction Industry
2. Tourism Industry
3. Maintenance & Operation Industry
4. Retail Industry
5. Medical Industry
6. Real Estate Industry

Since 2018 Mowafak Holding started its journey in the Egyptian market through Radix Development depending on our great experience in constructions & real estate markets.

Experience *Makes* Difference

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$
$$\int (2x + 4) dx = 3x^3 + x^2 + 4x + C \Big|_0^1 = 102$$

ABOUT RADIX

Radix

At Radix Real development we put our client first, whether he is a landlord, Tenant or even a buyer, we care about providing the special service that you deserve. we believe in integrity and commitment to excellence, the highest level of professionalism and the highest level of customer service, we are also committed to provide high quality service at all levels, and therefore we have hired a team of a qualified calibers to take on this task, which are carefully selected & trained to work according to standards that satisfy the desire of our clients. Radix Development was established with a passion to change the concept of real estate business in Egypt and to provide a high level of services to our partners.

Working within a careful selected group of people to ensure that we provide a high level of service. at Radix Development goes hand in hand with our business partners to reach our destination. whatever the case, our Company has a long- term vision.

NEW ADMINISTRATIVE CAPITAL

NAC

It is a smart administrative capital for urban development that introduces a modern concept of residence and it is expected to accommodate 18 - 40 million people by 2050. Egypt is switching its capital city from Cairo to a brand-new constructed city “New Administrative Capital”.

Egypt is building the New Administrative Capital “NAC” to create many opportunities for housing and employment, putting in mind that Egypt’s population expected to be doubled in the next 40 years. The goal is also to eliminate the crowdedness, which is one of the biggest problems now in Cairo.

The government aims to solve the various issues facing Egypt and looking to provide an appropriate life quality. The government is seeking a way to adapt to the conditions of population growth & civilization. All levels of income and culture are welcomed in the smart city to keep up with the world’s development pace.

BUSINESS COMPLEX

DOWNTOWN

The NAC is located in the very heart and soul of Egypt and its people, proving that a bright future is just around the corner for this great country. Capital Park consists of three commercial zones, spanning an area of 16 km² and with a total build up area of 16,000,000 SQM.

The three zones, known as Gateway, Downtown & Central Business District (CBD) will be built around a world-class Central Park that is larger in size than that of the Central Park in New York.

At one end of the park will be a brand new Grand Mosque while at the other end Africa's tallest skyscraper will stand at approximately 400 meters high – the Iconic Tower.

Downtown District will become the beating heart of the New Administrative Capital, a cultural and recreational hub offering retail and hospitality opportunities. There will be a place for theaters, galleries, shops, arcades, museums and more

RADIX AGILE MEANING

Radix Agile Meaning:

RADIX is a Latin word for "root". Root can be considered a synonym for base, in the arithmetical sense.

Radix is the source or the origin of something.

AGILE means smart, quick pace and easily.

Being Agile does mean working in a lightweight, highly responsive way so that you deliver your product or service in the way the customer wants and needs.

RADIX AGILE

THE SOURCE OF SMART RESPONSIVE SERVICE, THAT IS HOW WE ARE BUILDING VALUES.

A hand is shown holding a smartphone in the foreground. The phone's screen displays a city skyline at sunset, featuring prominent skyscrapers like the Gherkin and The Shard. The background of the entire image is a blurred cityscape under a cloudy sky.

SMART RESPONSIVE SERVICES**

BUILDING VALUES

In Radix Development our main goal that we are all seek to achieve clear contribution, support and real estate development to the society and the environment surrounding us.

At Radix Development We do business with a high degree of integrity & transparency whether we are building Residential projects or Mixed usage projects, which provide inspiring spaces for living, working and provide real value to our customers, it all contributes to our purpose – that we are building values, we are building what really matters.

Our dedication to provide effective and enduring services and solutions is our commitment to ensure customer satisfaction through the Saudi market as well as the Egyptian market, and now we are adding value with our latest project “Agile Business Complex”.

BUILDING VALUES

OUR LOCATION IN DOWNTOWN

Agile Business complex perfectly located in the heart of the new administrative capital, where you are surrounded extraordinary life, it connects you with harmonious experiences to create a world of luxury and comfort, it is located just few minutes away from the most iconic destinations in the new capital, Radix Agile is only:

40 Minutes from New Cairo Capital Airport

13 Minutes from Presidential Palace

13 Minutes from The St Regis Al masa Hotel

18 Minutes from The Iconic Tower

17 Minutes from The Financial & Business Hub

The Strategic Location of Agile business complex guarantees for all units a contemporary feeling, that invites all foreigner investor to try and invest and to add a unique sense of freedom and refreshment to our client's daily life.

DISTRICT

OVERLOOKING THE GREEN SPINE

Agile Business Complex is overlooking the Green Spine, an architectural element that incorporates a multitude of functions in one fluid gesture. The Green Spine is designed to generate public flows and movement and offer multiple benefits throughout the design.

The Green Spine also creates a healthy urban environment. The planting absorbs noise & air pollution while tall eucalyptus trees facilitate light. Floors textured with forest ferns provide a cool atmosphere even in hot summer days.

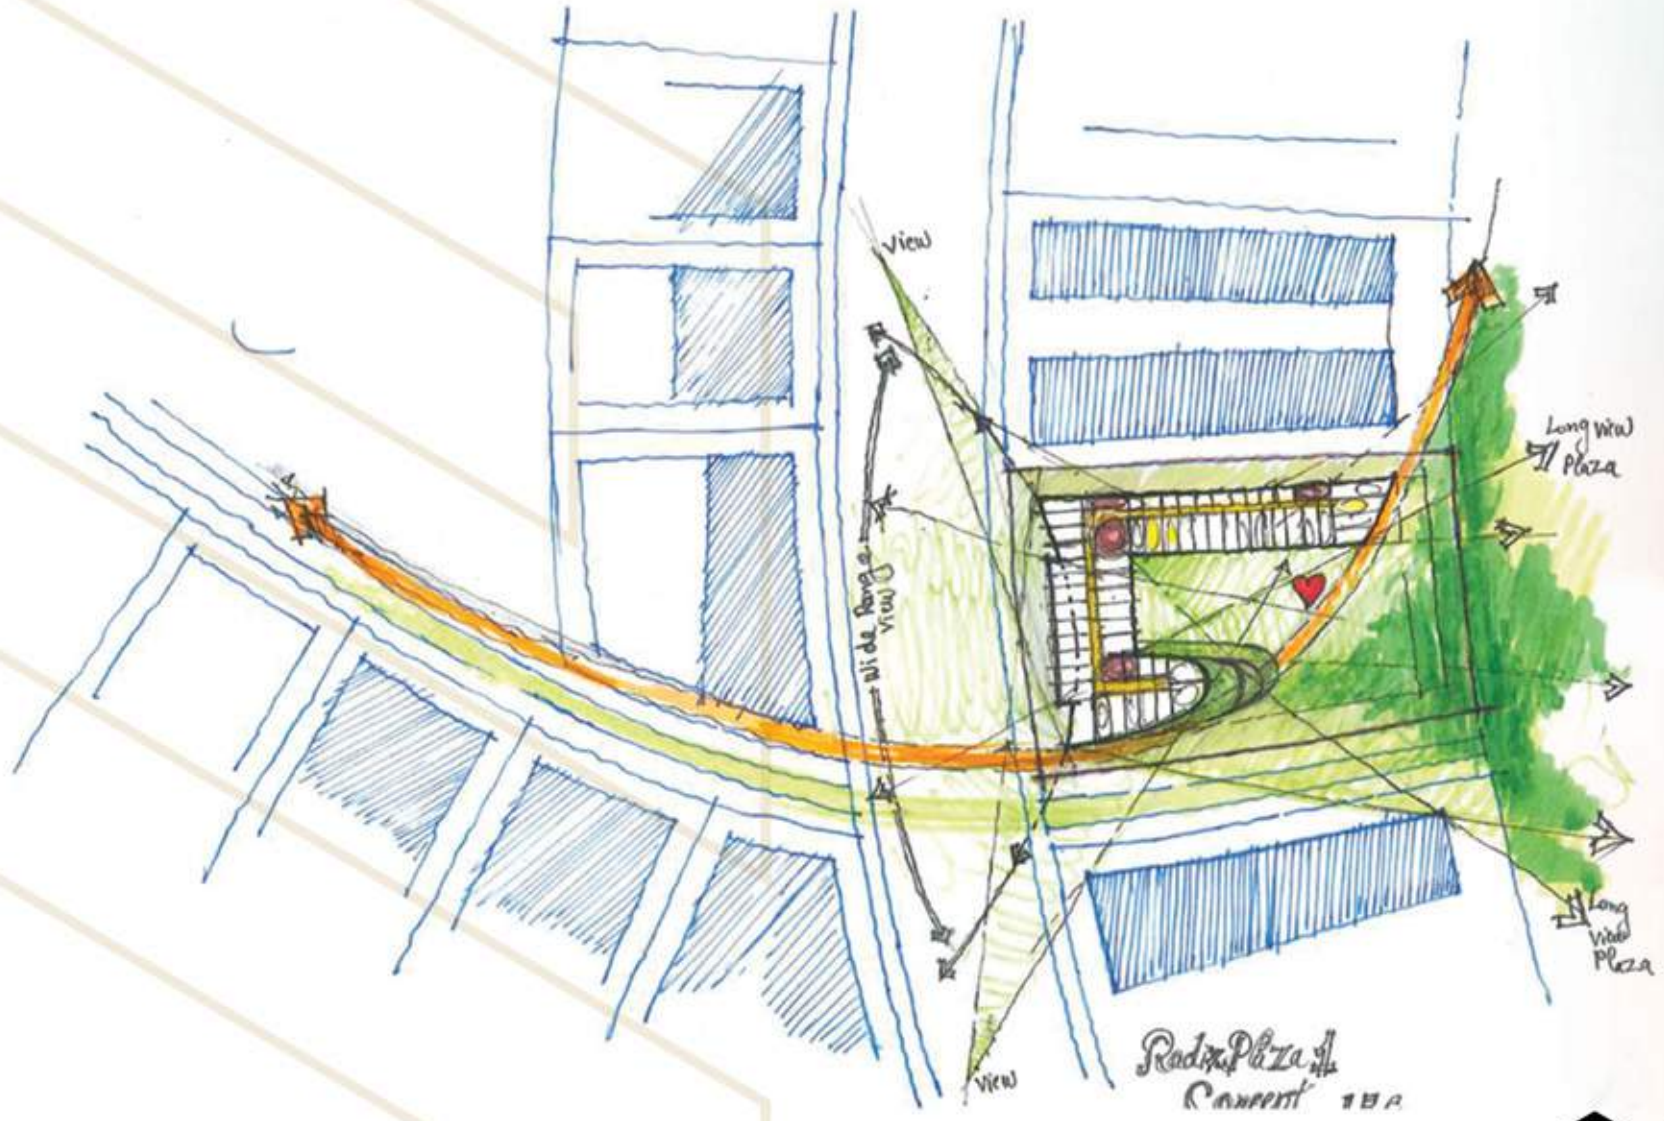

The construction of the green spine uses materials and textures that are natural and native to New capital.

KINETIC WALL TECHNOLOGY

Kinetic wall is a dynamic moving building façade that creates an eye-catching and aesthetic view, the Kinetic wall responds to wind currents and undulates to create the look of rolling waves. The wall is customizable and can be designed to accommodate square or curved polycarbonate, glass, aluminum, or steel flappers.

It is structurally designed to withstand hurricane-force, winds and torrential rainfall, yet it is light enough to enable easy installation, air flow, and visibility from the inside.

The Kinetic wall also deflects sunlight, thus preventing solar heat gain, the spaces between the flappers remove any chance for collateral noise. Kinetic wall is a state-of-art yet economical way to create breathtaking, beautiful designs.

**THE FIRST
KINETIC WALL TECHNOLOGY**

BEST SPACES UTILIZATION
