

Doja Developments was founded in 2011, It is considered a remarkable real estate developer and investment company.

Doja expanded the investments rapidly which made it become one of the most renowned real estate companies in Egypt owning 3 projects in The New Administrative Capital.

About

Doja Developments is focused on providing development implementation services to realstate, corporate and institutional clients.

Our strategic advantage is derived from an entrepreneurial corporate structure that delivers best-of-class services and a broad diversity of project experience with low overhead costs.

This experience and efficiency allows Doja to respond to the changing market conditions and implement developments across a wide range of types and scale quickly and effectively.

After the success of Aurora Mall in the New Adminstrative Capital, Doja Developments is proudly providing the market another project in one of the most prominent locations in the New Administrative Capital "X Business Complex".

X Business Complex creates a successful community and an ideal working enviroment.

X Business Complex promotes the presence of small, medium and large enterprise Business companies.
