BUSINESS COMFORT... AND EVERYTHING ELSE WITHIN YOUR REACH

Business District enjoys a most premium locale that is convenient, practical and calming. Nestled within Hyde Park New Cairo's renowned park with its vast landscapes and lush greenery, the Business District is in immediate proximity of numerous recreational and commercial facilities.

The 21 buildings of Business District were designed with this in mind, offering mesmerising views of lush greenery, and embellished passages that are a harmonious blend of soft- and hard-scape.

The modern designs and angles are proof of man's ingenuity, promising to add colour to your working days. All of the office spaces come with at least one of many alluring views that will get your creative juices flowing and ensure your targets are met.

DESIGN CONCEPT

Hyde Park Development's new generation of urban development has paved the way for strategic master planning that is market- and customer-oriented at its heart. That's why every building at Business District was designed to impress, inside-out; from the aluminum and paint facade to the marble interiors and the grandiose, double-height ground floor entrances. The top-notch internal designs are in line with the international standards that are much-needed for today's growing businesses.

LAYOUT CONCEPT

The District's layout is unique, modern and optimal in terms of space and functionality. With three distinct building types, each edifice is elevated as though it were floating and positioned at a different angle that ensures undisturbed natural views and natural lighting. The District's centre is designed to bring people and businesses together, with its large Piazza and a fully-serviced Conference Centre.
