

MILANO TOWER DOWNTOWN

EXPERIENCE THE FUTURE

ABOUT GOSOUR

Gosour Developments is an Egyptian joint stock company (SAE) founded in 2007 with experience expanding over more than 13 years in the residential and commercial real estate sector.

We have the largest business precedent, during which more than 200 projects have been developed in: New Cairo, Al-Shorouk, Al-Obour and Badr.

THE COMPANY HAS DELIVERED TO MORE THAN **2000 CLIENTS.**

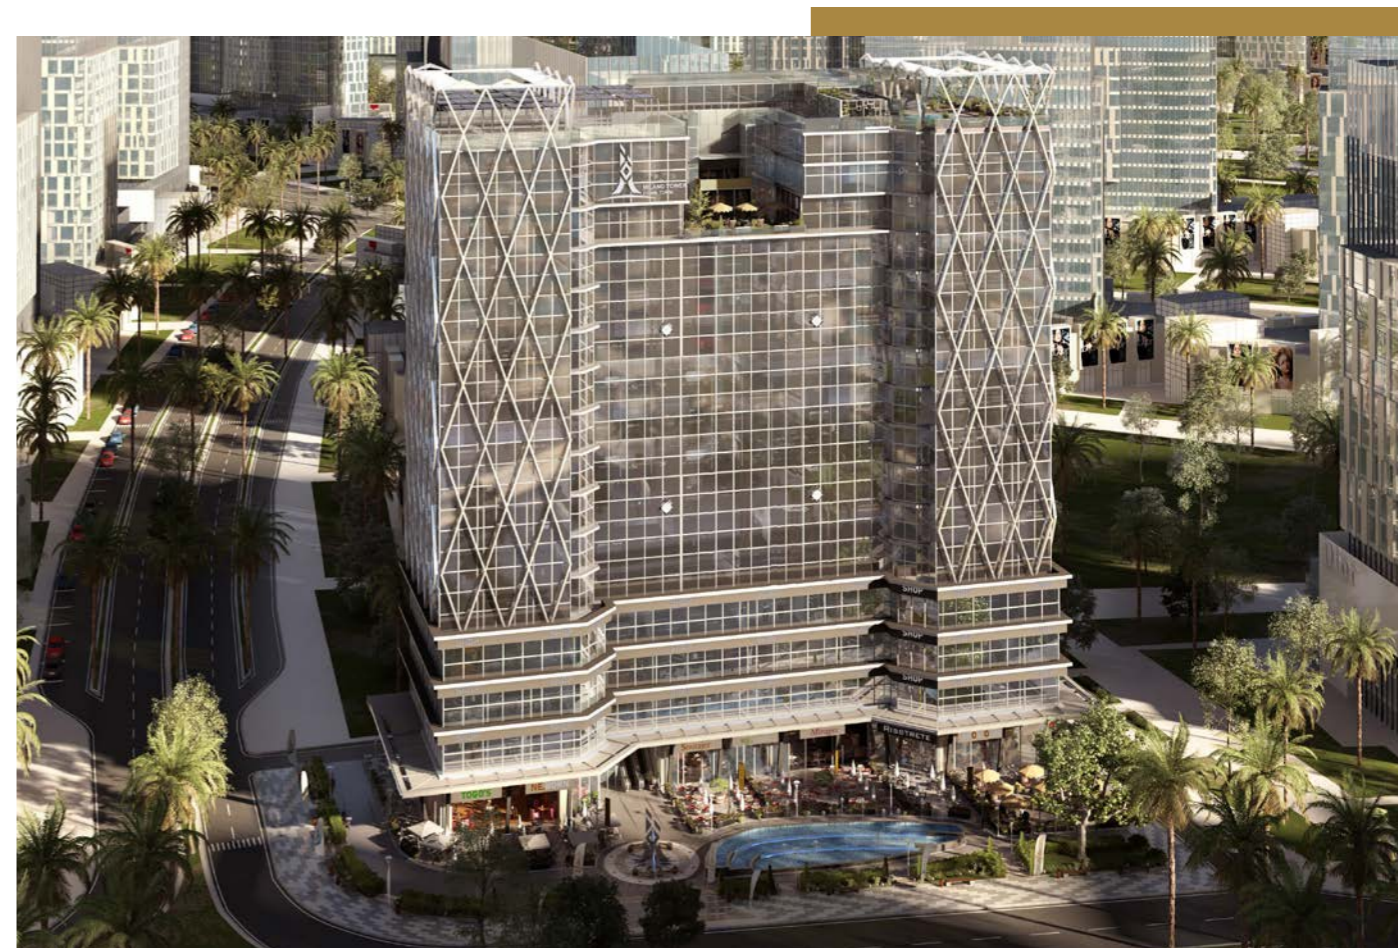

We are proud to always provide the highest quality with our projects; that is why, since the inception of the company, our slogan has been:

“Challenging with Quality”

We always strive to build bridges of trust with our valued customers; by fully adhering to the deadlines of delivery, and providing an exquisite after sale service at the highest level.

ABOUT MILANO

Milano Tower is a commercial, administrative and medical tower consisting of 18 floors. The building sits on a total area of 4850 m². The project is located on the main street linking the axis of Mohammed bin Zayed and the government district. It will also be directly beside the Monorail station. The project goes around 3 street corners (panorama) of all units. It is a step away from the Gold Quarter, the Masjid of Egypt, the Government Quarter, the financial district, the Opera House, the Almasa Hotel and the iconic tower.
