CREEK[™]
DISTRICT

*Area is planned and designed to cater to all family members with different tastes. Commercial spaces start from **70 m2** with a **6 m** high ceiling.*

Redefining commercial spaces in Egypt.

A commercial area that will include retail shops ranging from high end to casual, along with banks, restaurants with different international cuisines and coffee houses.

07 commercial spaces

In the middle of everywhere

08

medical spaces

A well equipped medical facility with units starting from **55 m2** in which medical practitioners can open up a clinic, laboratory or medical center to guarantee the wellbeing of all tenants and visitors at all times.

10 *tech amenities*

The strip will be functioning with advanced technological systems such as high speed fiber optics, data center and cloud storage, smart communication and power station to ensure the comfort of its visitors. Automatic ID Main Gates and CCTV will also be available to guarantee the safety and wellbeing of all visitants.

11 *parking
& storage*

The strip will be amenitized with parking and storage spaces in the basement floor of all buildings. Given the location of the strip, it will be provided with safe entrances and exits off Suez Road, as well as meticulously designed roads to ensure a safe and practical traffic flow.
