Following a vision to create powerful and human-centric communities in Egypt, Palm Hills has become an ever-growing leader in integrated residential, commercial, and resort projects since 1997.

Today, it possesses one of the largest, most diversified land banks, an impressive roster of 34 projects in West Cairo, East Cairo, Alexandria, and the North Coast.

During this new era of development, Palm Hills continues to empower the contemporary generation with future forward living approaches that inspire, engage, and coincide with modern lifestyles.

A NEW

PERSPECTIVE

It's safe to say that P/X is a groundbreaking development that is the segue for a new era in Palm Hills.

The high-altitude project in West Cairo is exceptional for those who choose a well-rounded, prestigious, and progressive mode of living.

The design, leveling, topography, and amenities all exude a sense of uniqueness, giving the community a new take on living through elevation, space, and energy that takes standards to another perspective for this distinctive community.

P/X

P/X is a new elevated, avant-garde living concept designed to introduce a new perspective as the grand concluding development in the renowned West Cairo area. Drawing inspiration from the new views of this unvisited altitude, P/X is a bold and contemporary expression of modern living exhibited on 373 feddans of land.

25.8985° W

10.1785° N

a — new perspective

in every sense of the way

Its design amplifies a cutting-edge and forward-thinking ideology, creating a space that resonates with the aspirations and aesthetics of contemporary people.

The next-generation luxurious apartments, villas, and townhouses on elevated topographies all share one thing: incredible views unseen before of the Pyramids, grand city skylines, and neighboring green golf courts from all angles.

25.8985° W

Picture a group of people living on dynamically elevated topography, breathing fresher air and enjoying true sky-tone gradients from their homes. They may seem disassociated from their communities, but just a few minutes away is everything they need to eat, dine, socialize, shop, and connect. Living at P/X takes you to higher heights without distancing you from the distinctive Palm Hills community.

A NEW — ANGLE ON THINGS

0.00000° N

10.1785° N

30.5356° N

-7.3996° W

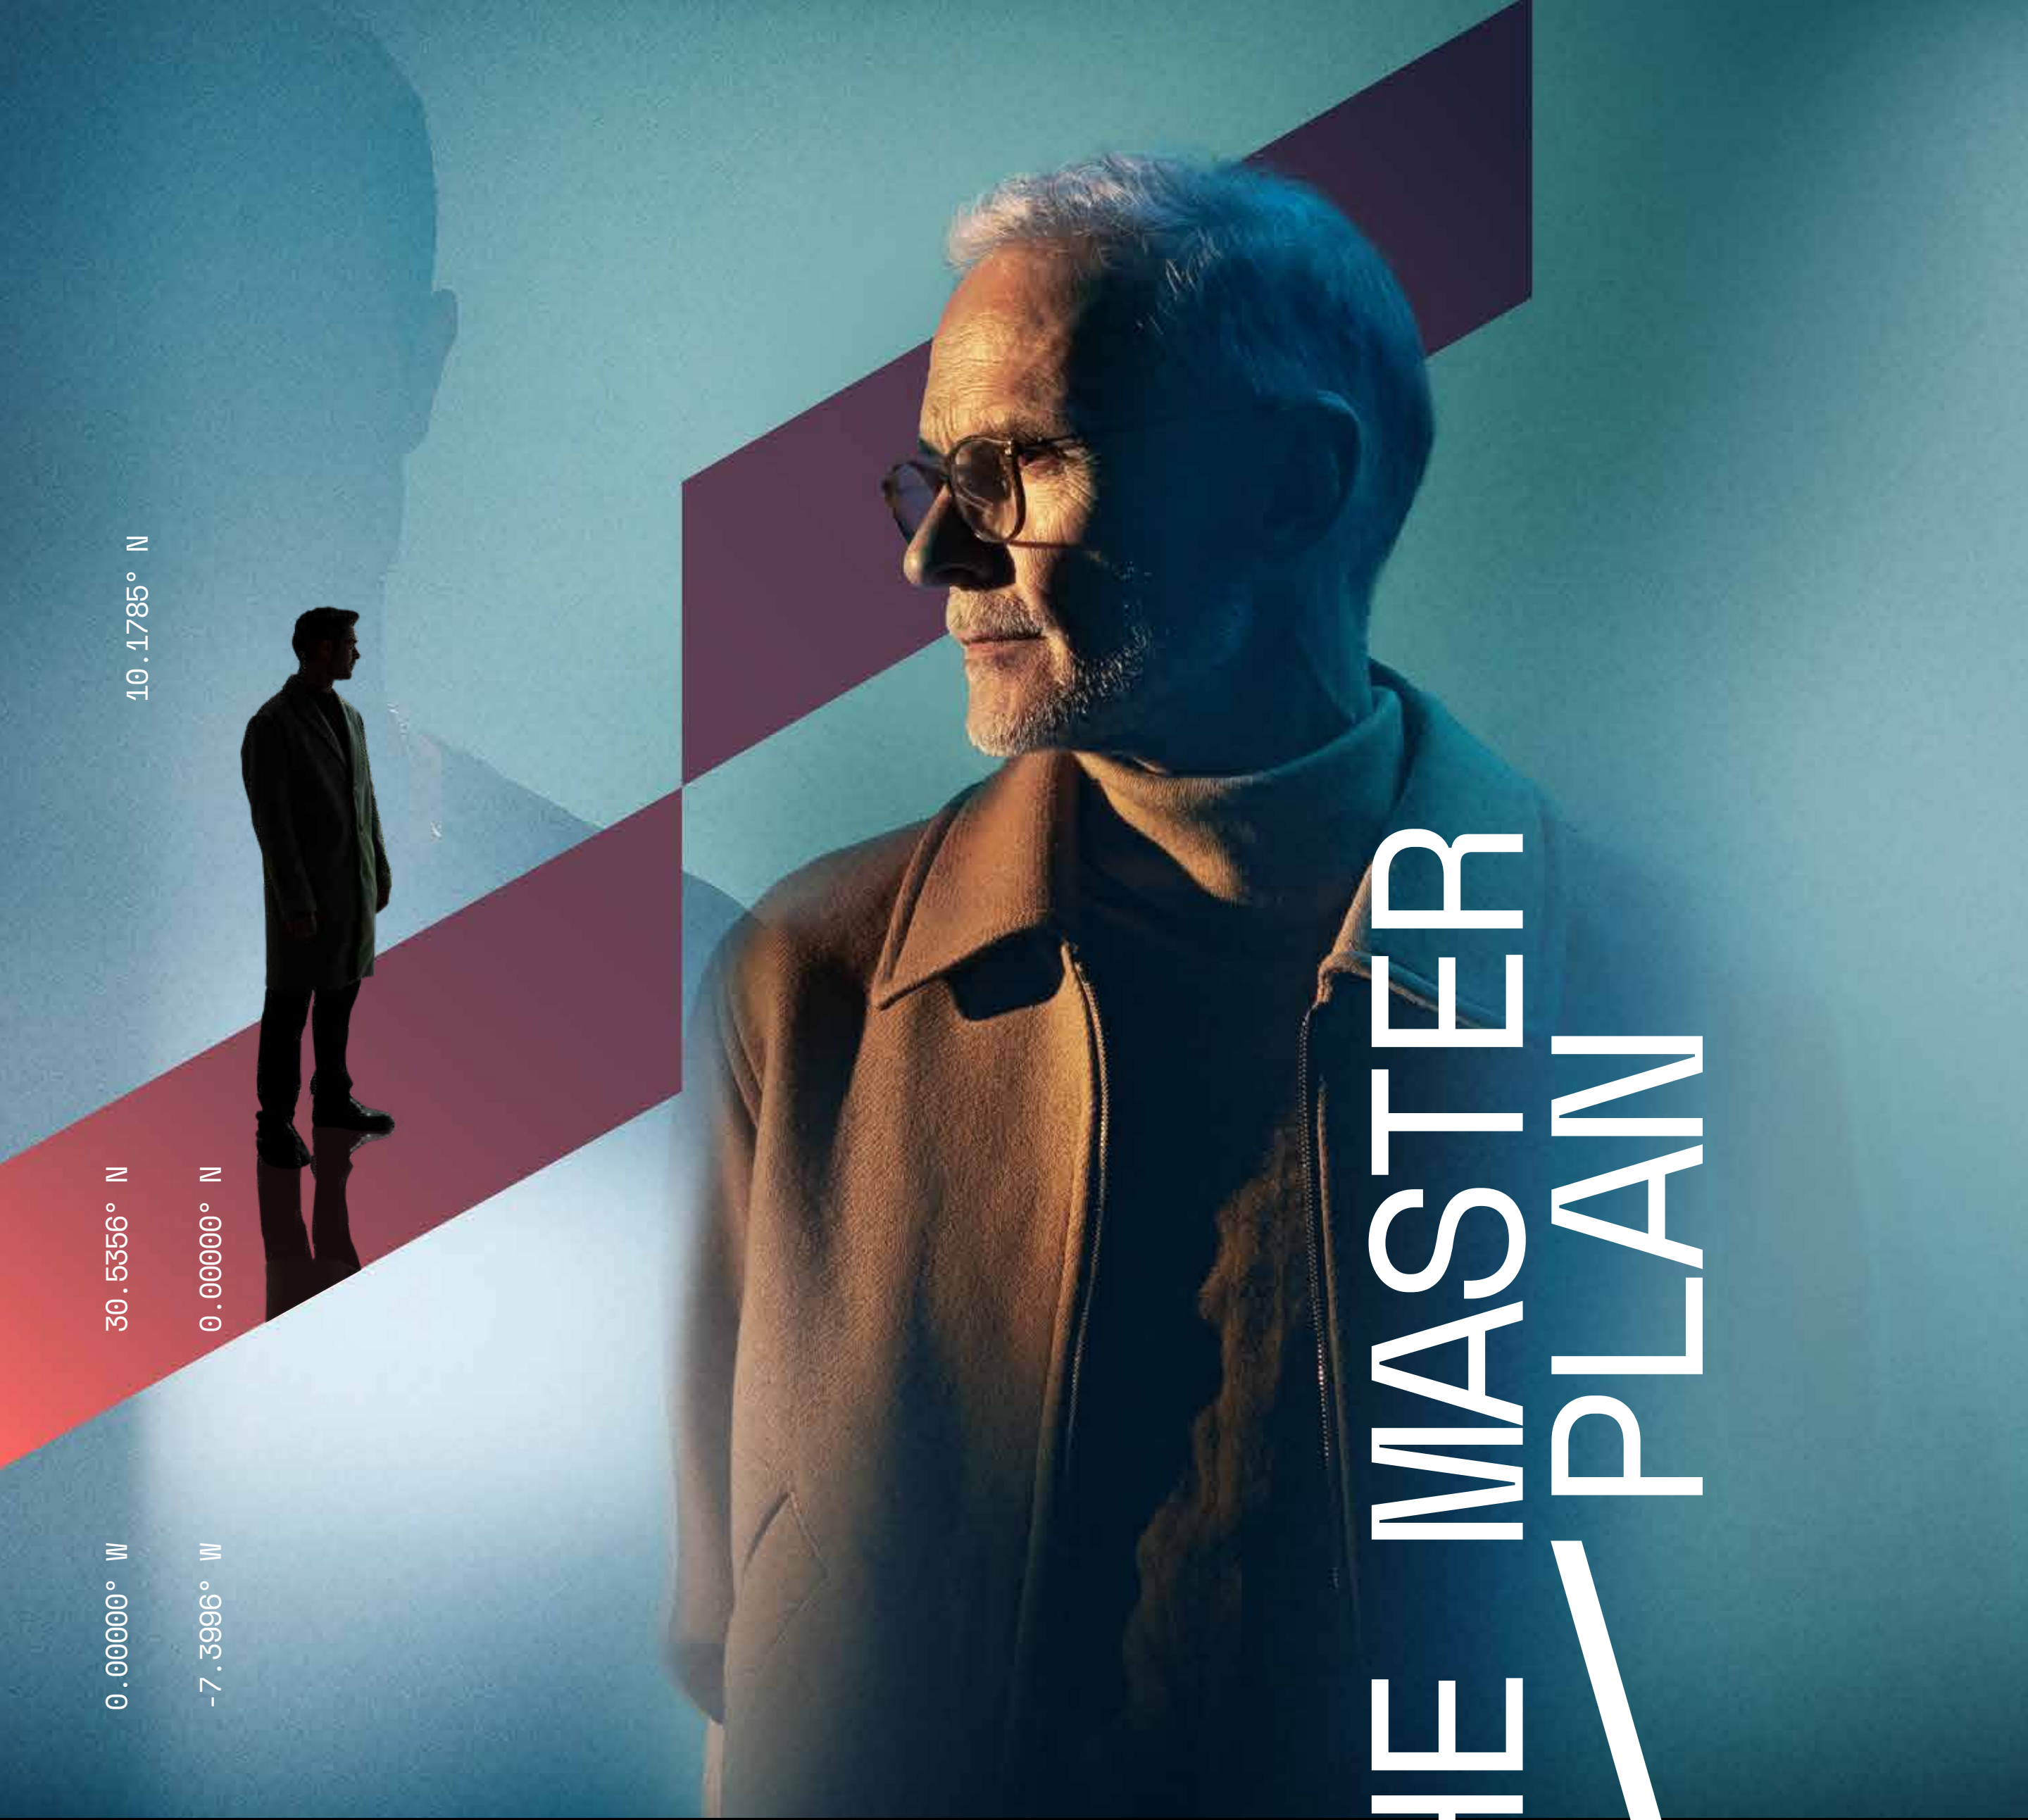

0.00000° W

Key elements like walkability, jogging tracks, and impressive surrounding commercial areas all allow the people of P/X to experience their lives from every angle. It is one of the few residential developments that provides an inward/outward approach,

maximizing views with the organic Polygram landscape veining through the buildings inwards, and the gorgeous panoramas of golf courts and the Pyramids of Giza beyond the border of the project.

PHASE 1 MASTER PLAN

P/X's master plan concept, was designed by a consortium of international design firms. Although modern and sleek, it inspires togetherness and hammers on the importance of height and space. This inspired the masterminds at Chapman Taylor to create a breathable, open landscape framework that allows air, light, and sun to refract from all corners of its core spaces in phase 1.

The master plan design took advantage of the unique elevated topography of the space and created an experiential lifestyle that is connected, interactive, and recreational.

Chapman Taylor, a global practice of award-winning architects, master planners, and interior designers has designed the contemporary structure, bringing the expertise of over 3000 major projects in over 100 countries to our flagships.

THE ALCHEMY PERSPECTIVE

0.00000° W

30.5356° N

-7.3996° W

0.00000° N

P/X is introducing a new contemporary aesthetic. With Alchemy's multi-sensory approach, P/X becomes a living canvas where architecture transcends its visual form and morphs into a tapestry of sensations.

The design philosophy orchestrates organic earth-toned elements complemented with glazed glass and metallic facades intertwined with the natural lanscape, giving a seamlessly integrated feel to the homes.

The facelift of the facades merges our best-selling unit designs with innovative advancements for an elevated, signature look.

The result is a refreshingly beautiful space with layered textures, rich materials, and play on light and shadow.

NEXT GENERATION HOMES

The homes of P/X offer a broad array of properties that suit a contemporary generation who appreciates freedom, beautiful design, and elevated views.

A new archetype to be offered for the first time in Palm Hills in October is the elevated apartments,

10.1785° N

30.5356° N

0.0000° W

25.8985° W

appealing to contemporary couples and small families with one to four-bedroom options, fully finished and designed with finesse.

Homes give owners freedom with incredibly dynamic floorplans that breed versatility and variation, spaciouly separated, leaving room for varying levels of privacy, openness, and freedom.

THE POLYGRAM*

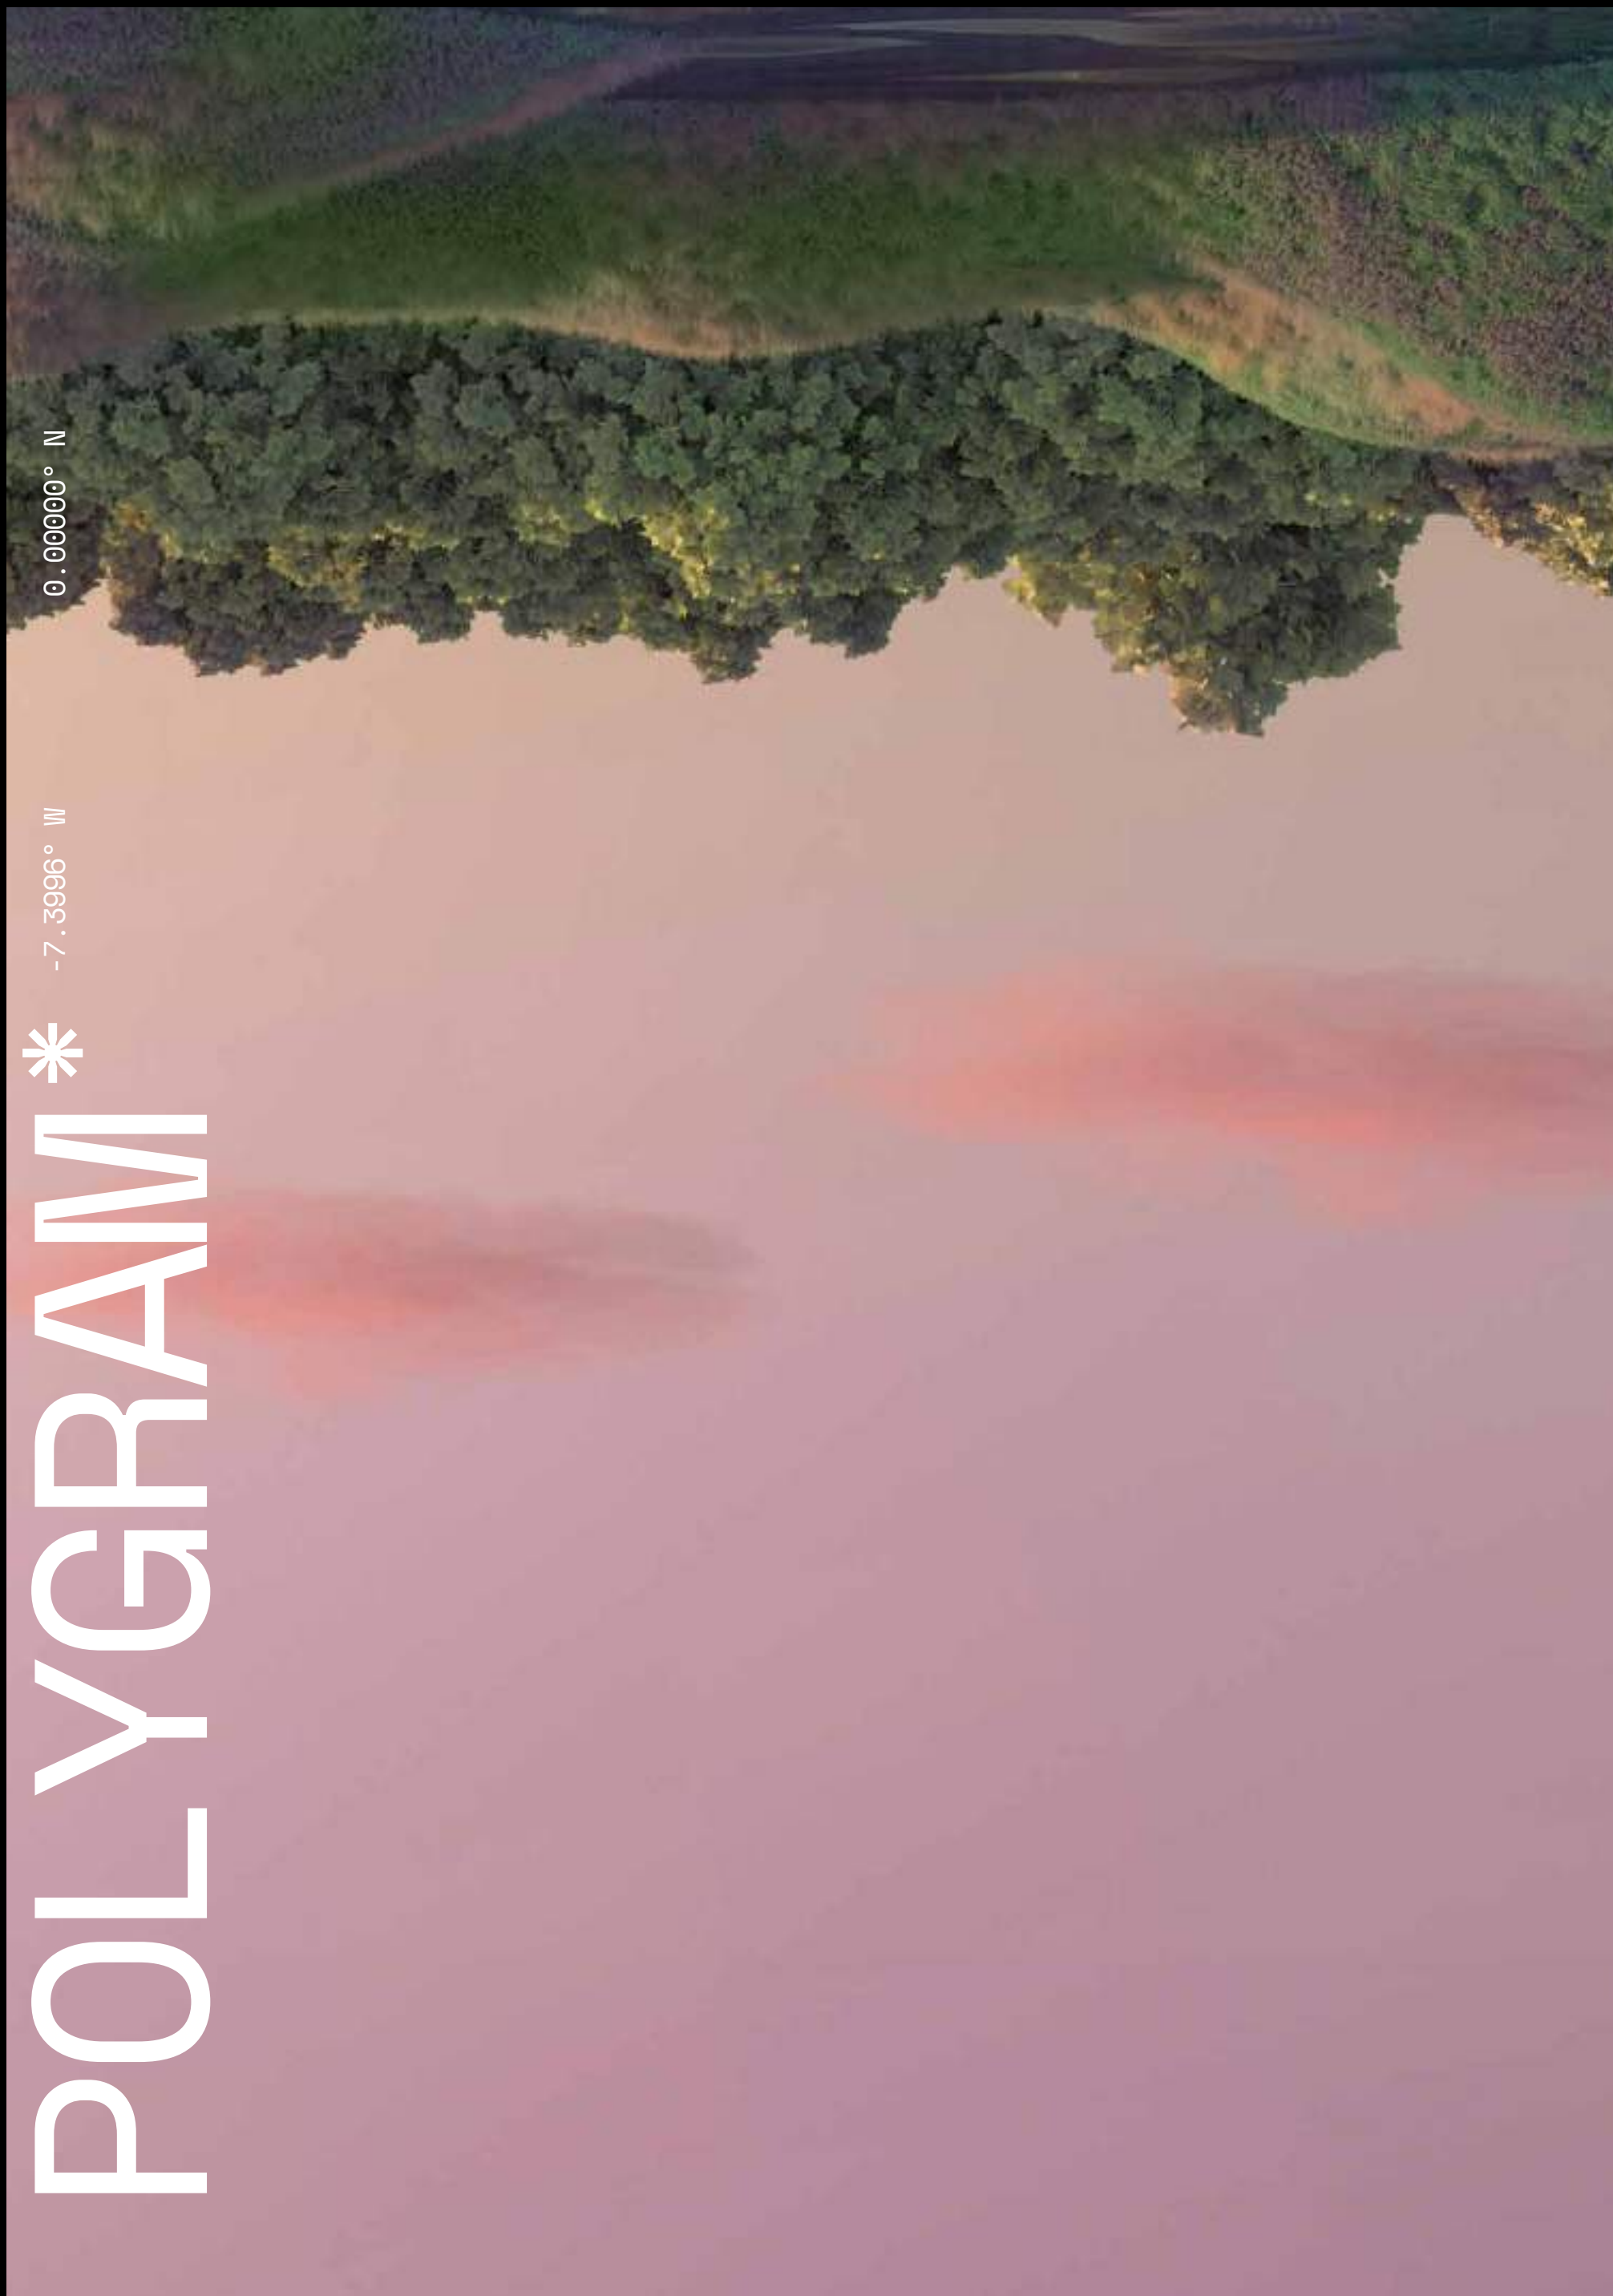

10.1785° N

30.5356° N

0.0000° W

0.0000° N

-7.3996° W

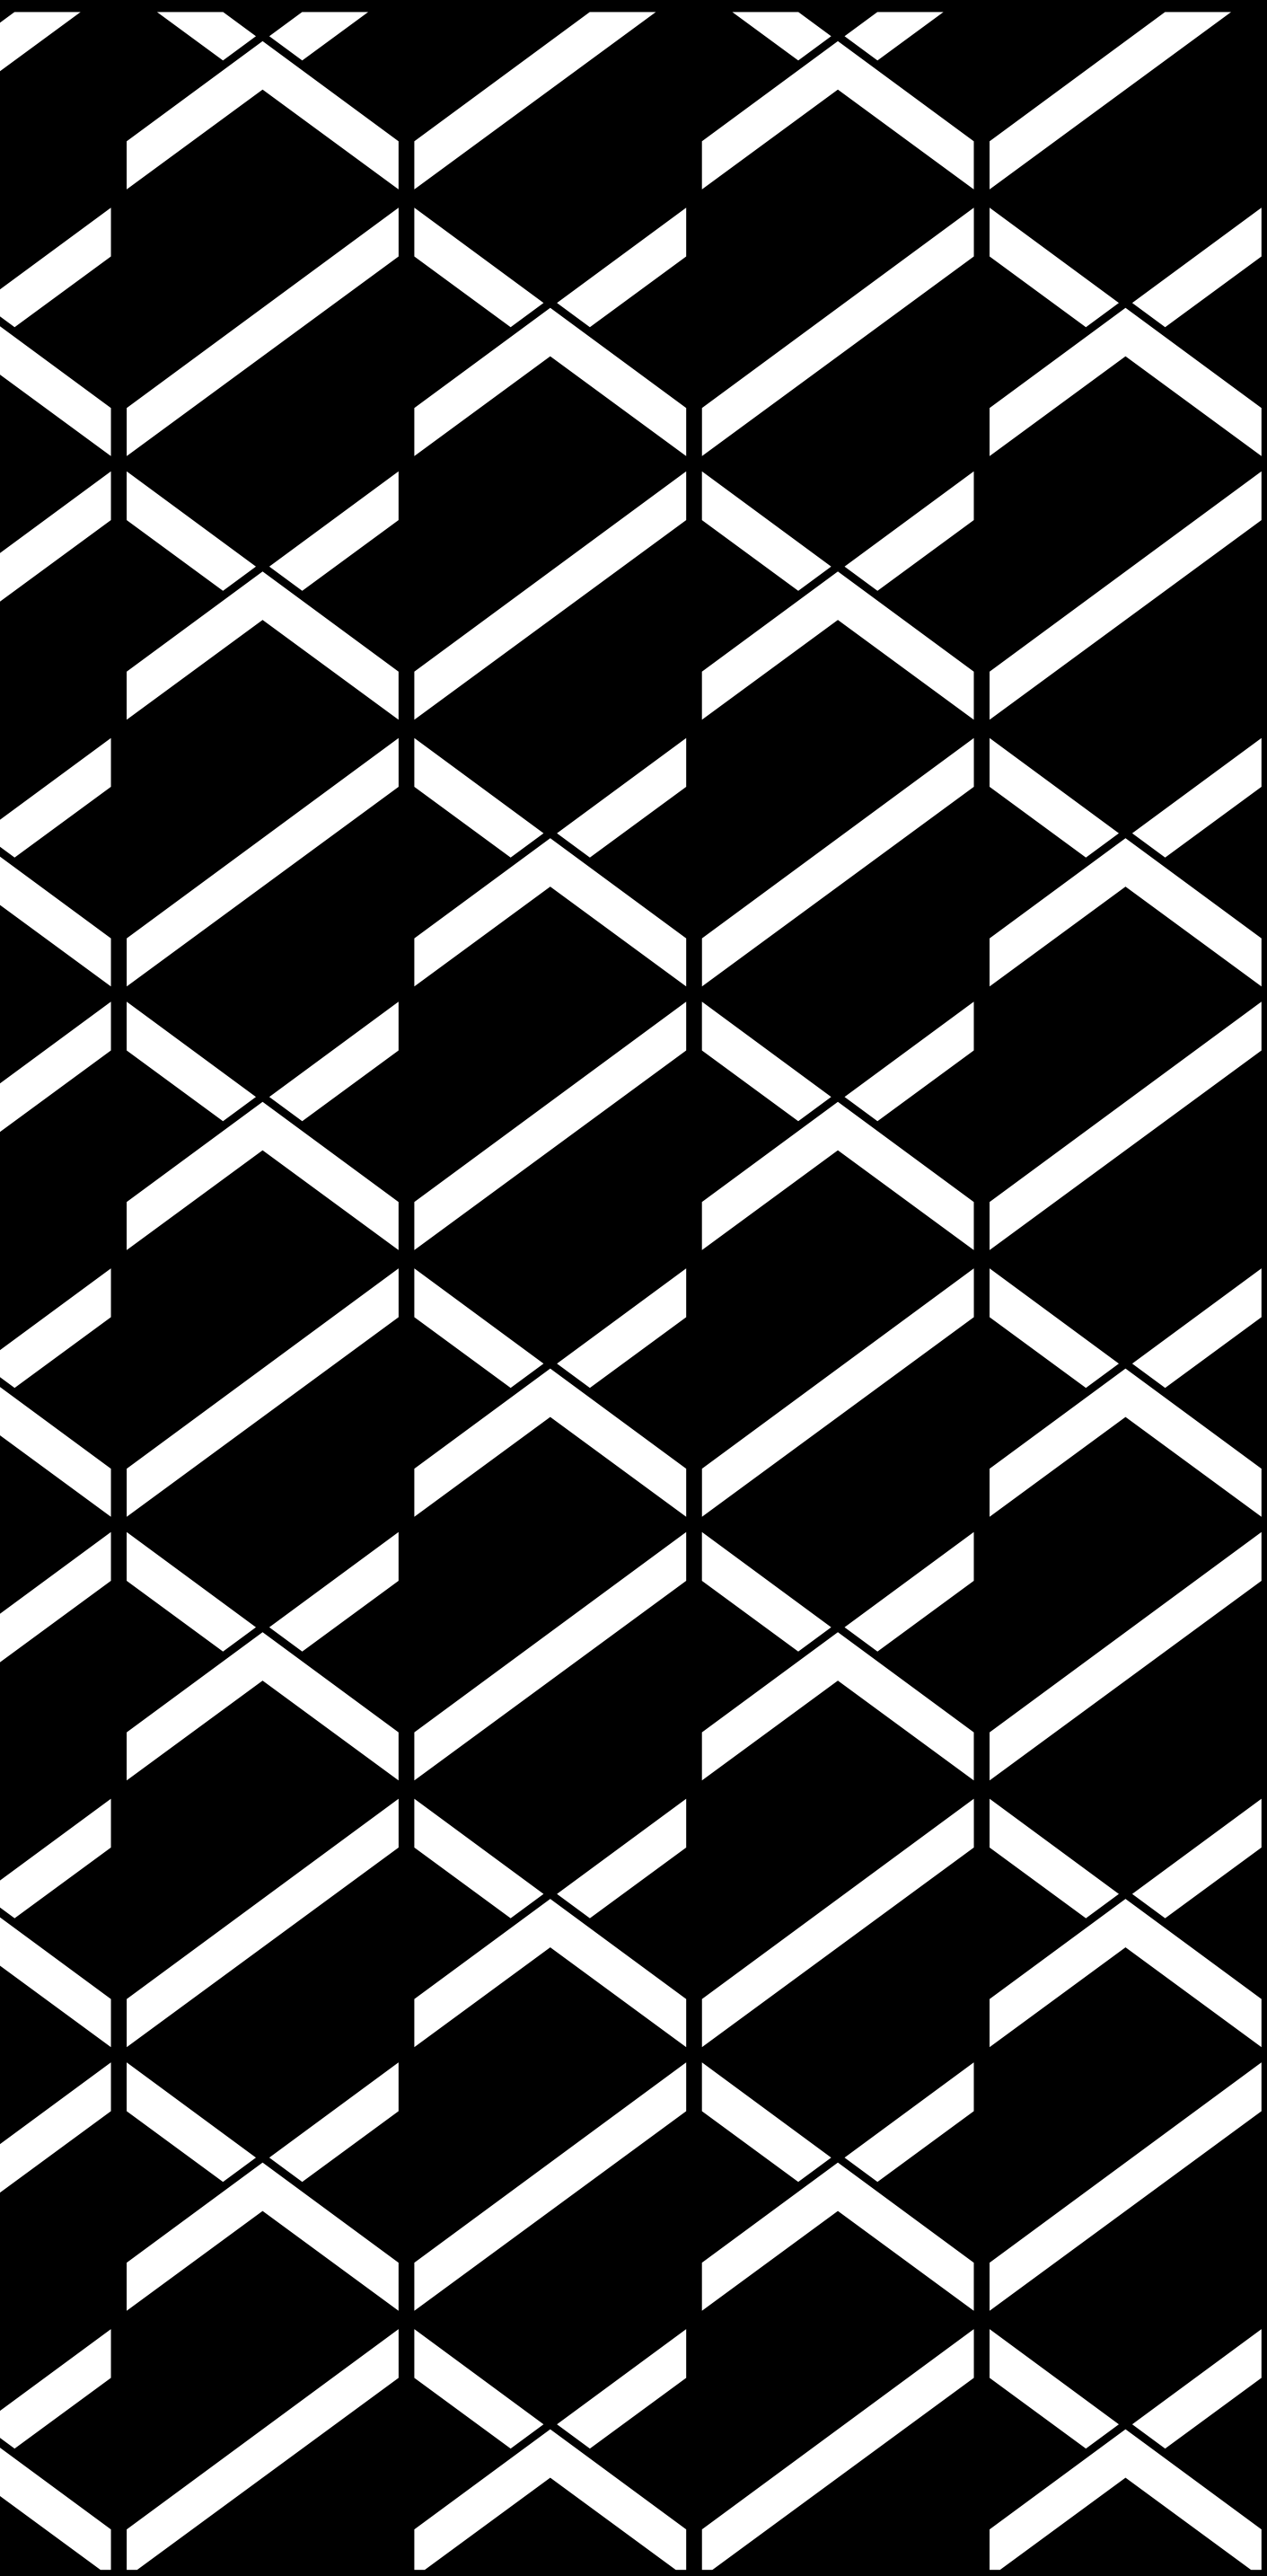

The project's character is shown in the Polygram* that homogenously moves through the development while respecting the natural topography.

The spine-like landscape creates angular shapes that allow for new vantage points to open up for every home at P/X. It acts as the inward visual focal point for residents.

The lush green and waterscapes inspire connection and movement.

* a polygram is a geometric figure formed by joining line segments, typically straight, to create a closed shape. Polygrams can have various shapes and numbers of sides, depending on how the segments are connected.

10.1785° N

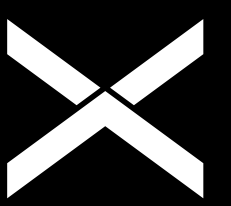

30.5356° N

0.00000° W

0.00000° N

-7.3996° W

The Polygram was intelligently designed to connect all homeowners to its pathways, concluding right where the Palm Hills Sports Club and King's School meet for interactivity, play, and education, providing easy access for homeowners. It also connects the neighborhood to other amenities, many prime commercial areas, and a boutique hotel.

COORDINATES

10.1785° N

0.00000° N

0.00000° W

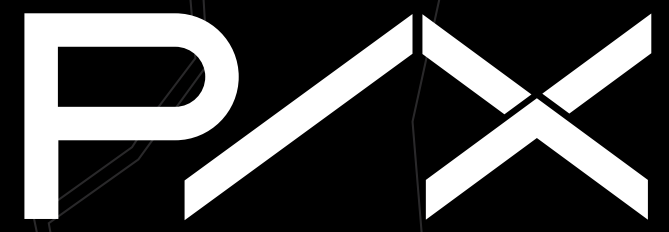

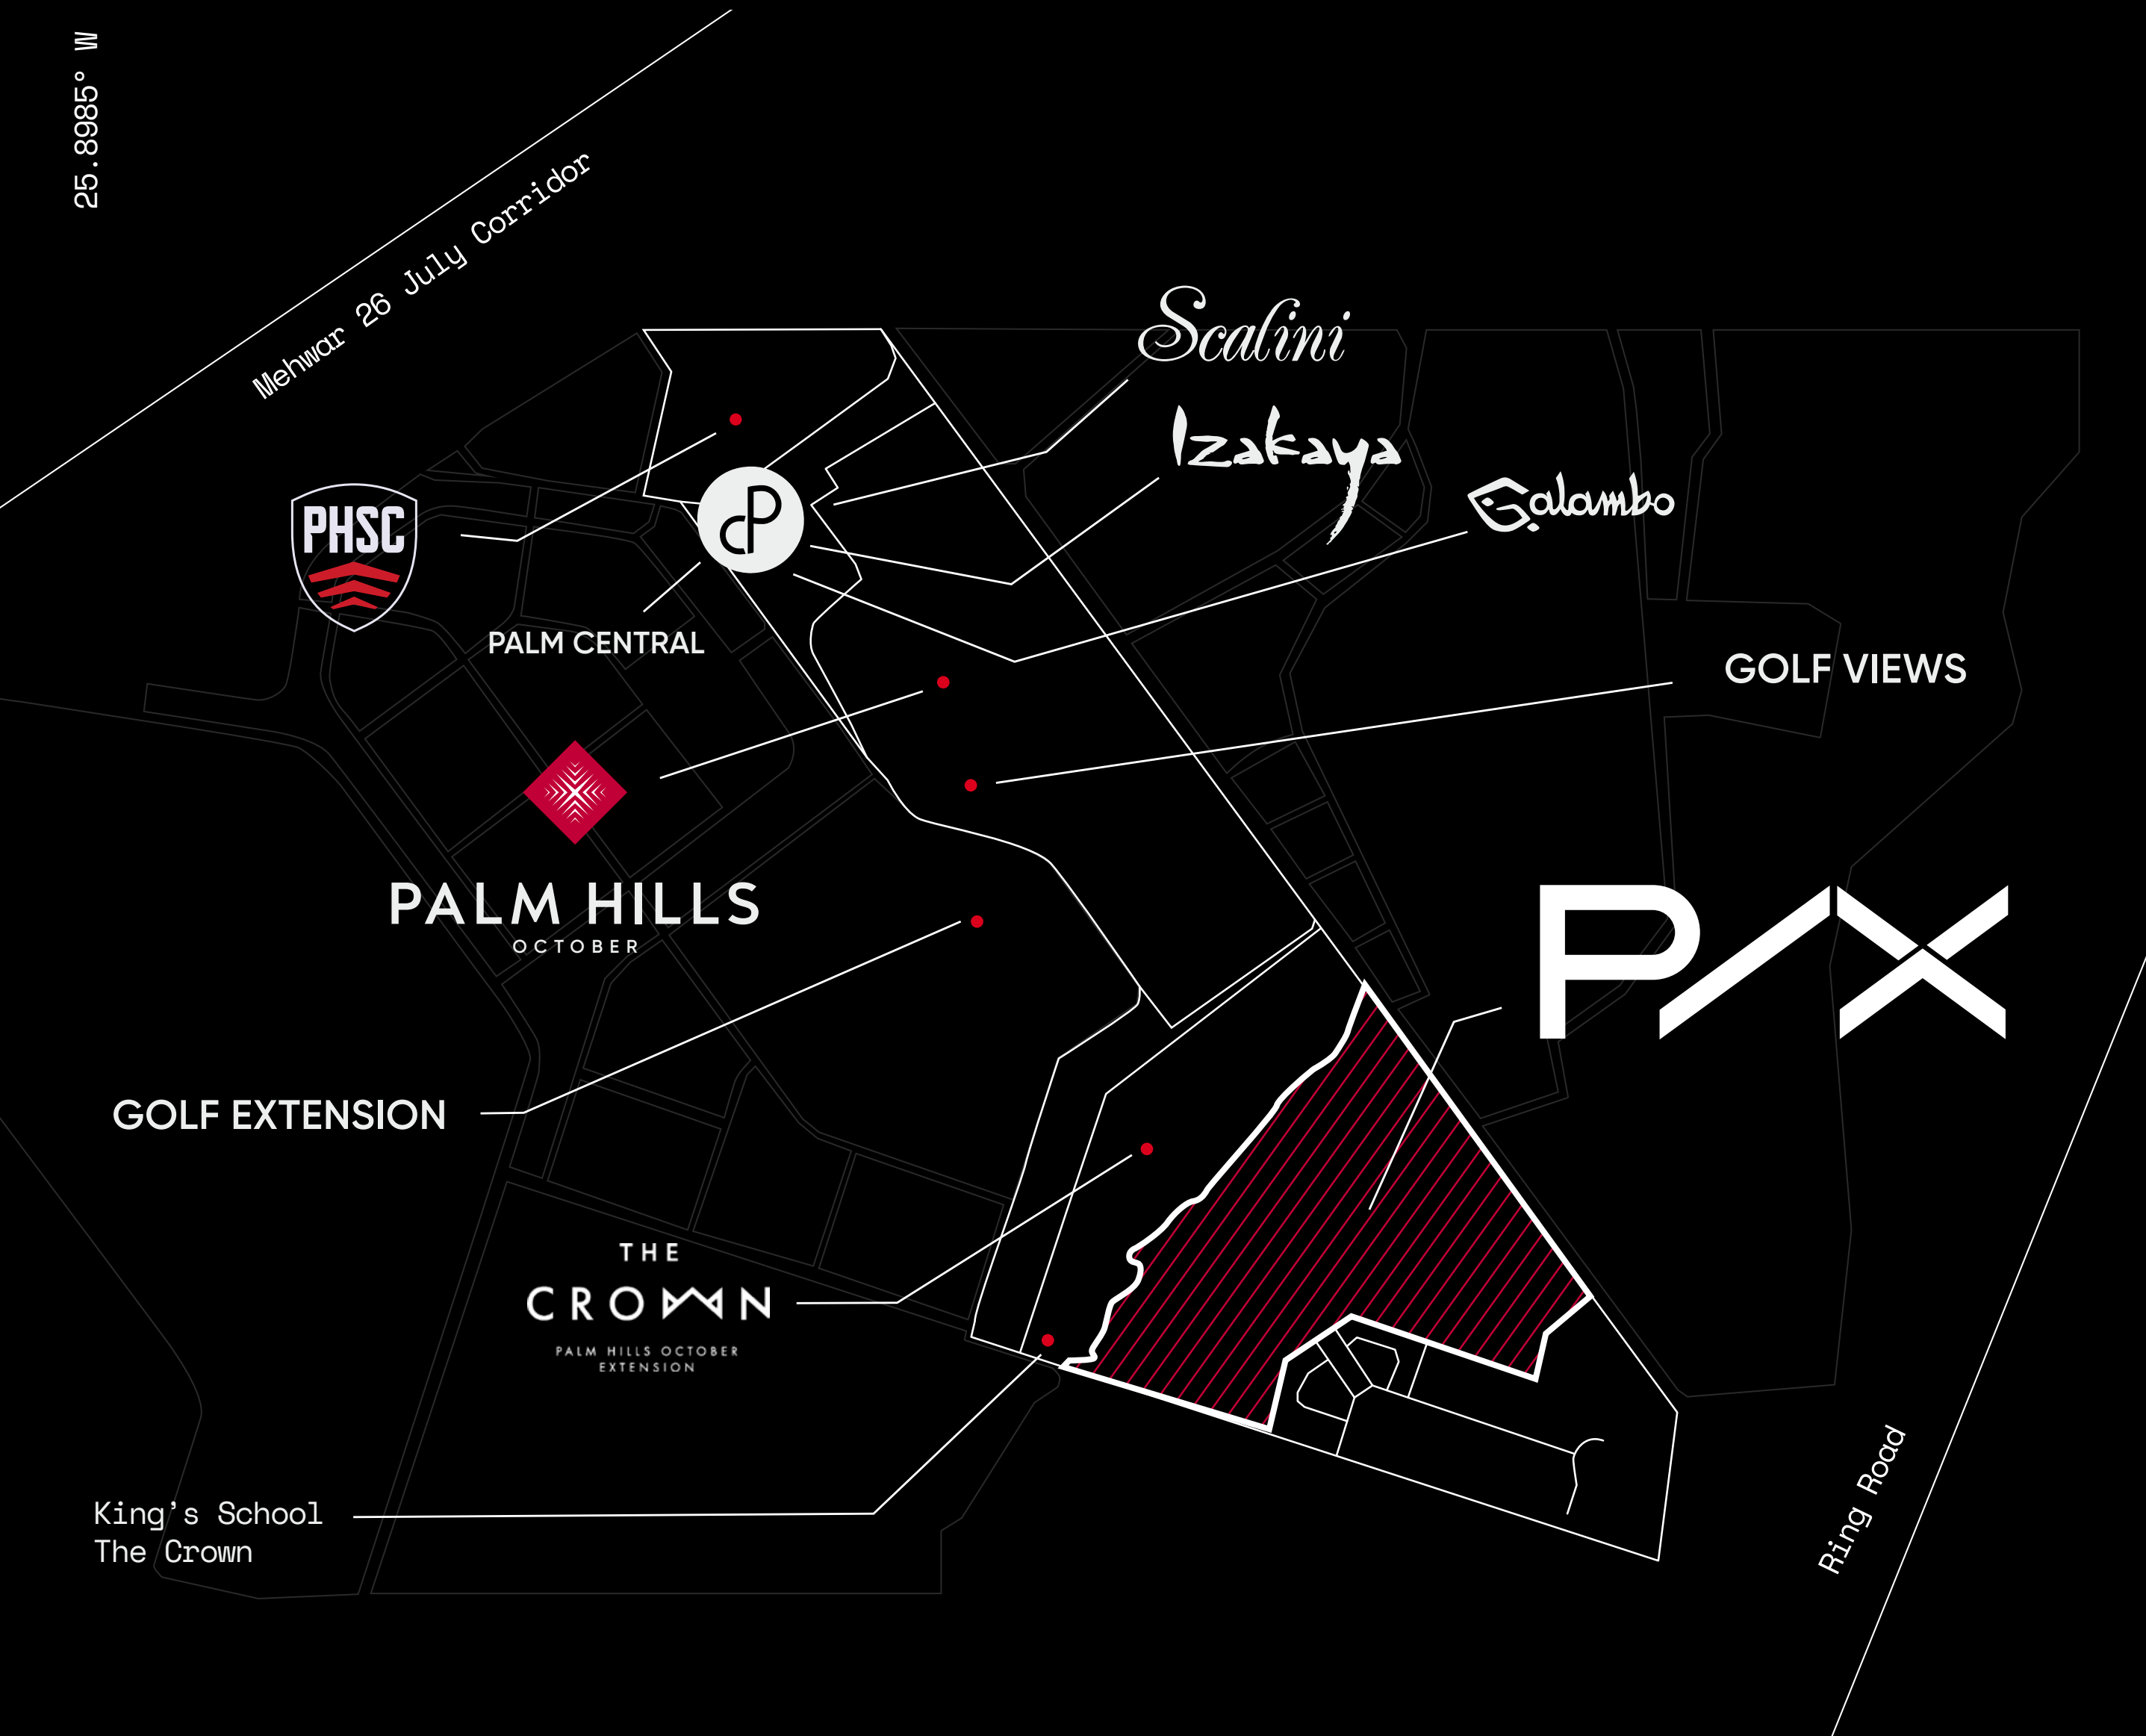

-7.3996° W

P/X is located on the highest hill point of the Palm Hills neighborhood in the center of West Cairo, with a pristine view no matter where you look. Although it is at a higher altitude than all other developments, P/X is centralized between other Palm Hills projects, keeping it close to the social pulse and community of the area.

Other perks of the location are its proximity to the Great Pyramids of Giza and major roads that easily move you into other parts of the city.
